

Concert for Health

"Supporting Those in Need With Music"

Date: 3/7/2021 7:00 PM PST

Location: [YouTube](#)

Admission: Free!!!

Presented by UCI's Music 47

"Band for Health" Group

Featuring Song for Health by Steven Verhelst

Introduction

Concert for Health is a virtual musical performance by musicians from UCI & all parts of the U.S. in order to promote good spirit and motivation during the COVID-19 pandemic. Using the telematic software quacktrip we are able to play live to an audience as if we were standing right next to each other. The repertoire consists of 2 short songs with length varying from 2-3 minutes. These songs all revolve around the current atmosphere of the COVID-19 Pandemic. With the aid of technology, we can plant the first steps in order to teach other people how to perform telematically based on our own experiences.
