

Timothy Do

An A.I. Machine Vision Enthusiast & DSP Techie to Make the World A Better Place

EDUCATION

University of California, Irvine — B.S. Electrical Engineering

September 2019 - June 2023 (Expected)

- 4th Year Undergraduate, Senior Standing
- Overall GPA: 3.90, Major GPA: 3.91
- **Specialization:** Digital Signal Processing (DSP)
- **Research Interests:** DSP with AI, Image Enhancements such as Colorization & Motion Interpolation with Neural Networks
- **Relevant Coursework:**
 - Electronics (EECS 170A/B/C), Digital Signal Processing (EECS 152A/B), Digital Image Processing (EECS 203A)
- **Major Coursework** for Fall 2022: EECS 159A (Senior Design Project), EECS 160A/LA (Control Systems), ENGR 190W (Engineering Writing)
- **Clubs and Societies:** IEEE, IPC, Irvine Computer Vision Laboratory
- **Awards:** Dean's Honor List (GPA 3.5+) for all nine quarters at UCI

EXPERIENCE

Western Digital San Jose, CA - Industrial IOT Intern

June 2022 - Present

- **Skills:** MySQL, Python, Raspberry Pi, Soldering, Linux, Lean Six Sigma
- Certified the Six Sigma Yellow Belt for learning the Six Sigma foundations.
- Developed Presentation Skills in a Corporate Environment.
- Learned Industrial Tool Sets for Circuit Design and Embedded System Programming.

UC Irvine, Irvine, CA - Student Researcher

January 2022 - Present

- Assisted in research under the direction of Professor Glenn Healey on the topic of Spectral Image Filtering for Emissions on Wildfires
- Digitized Imaging Filters into CSVs and compared them in MATLAB against certain chemical emissions.
- Generated altitude maps using QGIS & SRTM 1 Arc-Second Global

IPC Club @ UCI, Irvine, CA - Vice President

November 2021 - Present

- Reserved club meeting rooms and sent weekly emails to club members regarding club events
- Programmed the club website and managed social media (i.e. moderator of club discord server)
- Led a Two-Part AM Radio Workshop where I had to design the circuit for the best amplifier gain in addition to creating easy-to-read slides & ordering parts from Amazon/Dollar Tree.

UC Irvine D.C.E., Irvine, CA - I.T. General Assistant

July 2021 - June 2022

- Helped Set-Up Desktops, Docks, Printers, Webcams, and Computers for over 300+ Employees in UCI's Division of Continuing Education
- Worked with Network Administrators by managing IPs, Subnet Masks, and DNS servers of DCE to access local networking services
- Monitored and updated a real-time web server (DCE-OLLI) by rebuilding the frontend/backend using react.js.

SKILLS

Computers:

Assembled/Debugged Desktop Hardware and OS installations.

Electronics:

Experience with Soldering Circuits and Designing Components on Oscilloscopes, Power Supplies, Function Generator and Multimeter.

Embedded System Programming:

Experience with C, Java, and Python libraries by creating IoT projects on Arduino/Raspberry Pis

Image Processing & Machine Learning:

Programmed GPUs to do Image Processing in MATLAB & Tensorflow AI

Web Socket Programming:

Created Websites with HTML, CSS, and Javascript in addition to TCP socket programming using Python.

PROJECTS

EECS195-Colorization: Colorizing Images using GANs & CNNs.

Languages: MATLAB, Python

PiFmMorse: A Morse Code FM Radio Transmitter for the Raspberry Pi

Languages: GPIO Python

TTLZNetChess: A C-Based Chess Engine with Minimax AI & TCP Networking

Languages: C, Makefile

PhotoLab JS: Pixel Manipulation using Javascript

Languages: HTML/CSS/Javascript

LANGUAGES

English (Fluent), **Vietnamese** (Fluent), & **Spanish** (Proficient)
